THE IDEAL DESK FOR WFH

ELEVATE Height Adjustable Desks are setting the standards in workspace dynamics. Enhanced agility and comfort plus the health benefits are taking productivity to an all-new high. Considering the long hours one spends at the workstation, ELEVATE desks are in fact becoming a necessity in not only global companies but WFH set-ups as well.

- Adjustable load of 10kg, 20kg, and 30kg
- Load Capacity 1000 N or 100 Kg
- Stroke length 650 mm for linear, 120 degrees, and L shape configurations

INTERNATIONALLY CERTIFIED

Complies with global industry standards and international certifications like BIFMA and UL.

EXCELLENCE @ ELEVATE

10-YEAR PRODUCT WARRANTY

10-Year Product Warranty on all desk frame components, mechanical parts, motors, electrical components and table top surfaces (excluding normal wear and tear, and damage caused by improper assembly or disassembly).

BOSCH MOTOR

Best-in-class dual drive German engineered Bosch motor for faster, smoother, and powerful 'even height adjustment'. The quiet and fast movement doesn't disturb the work environment and improves efficiency.

THREE-STAGE TELESCOPIC LIFT FOR EASY HEIGHT ADJUSTMENT

Height adjustment ranges between 650 mm to 1,250 mm. The desk adjusts to different heights for children, family, study spaces, offices, and WFH.

INTELLIGENT DIGITAL DISPLAY WITH PRESET MEMORY OPTIONS

Multi-functional, easy and convenient to adjust with three saved heights.

ADVANCED ANTI-COLLISION TECHNOLOGY

An active sensor protects the desk from colliding with obstacles

ROBUST STABILITY AND LOAD BEARING CAPACITY

Solid and sturdy construction enables a load capacity of 100 kg to 120 kg. It provides strong support at the workplace or during WFH.

SMART CABLE MANAGEMENT

Smart Cable Management mitigates the clutter. An inbuilt smart charging USB port and Bluetooth interface is present for easy connectivity with devices.

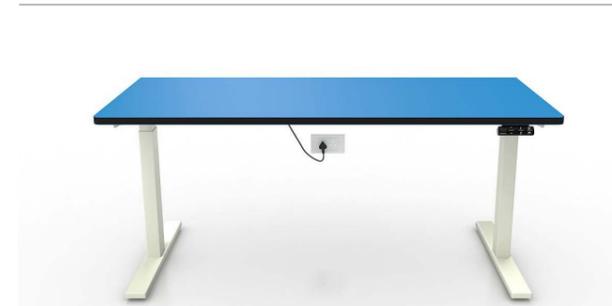

EASY TO ASSEMBLE

Includes tools and hardware required to assemble the complete product by yourself and comes with an Assembly Instruction Manual in the box.

WORKTOP

The worktop has a 25 mm thickness and is made of E1 Grade Pre-lam Particle Board

INTEGRATED POWER OPTION

Integrated power option for convenient powering. Power consumption is very low 0.1 watt (static) to 100 watt (active) and 300 watt (100 kg)

SPEED

Get an effortless yet careful height adjustment from 650mm to 1250mm on your sit-stand desk at the speed of only 18.5 seconds.

TAKE ENERGY
LEVELS TO A NEW HIGH!
